

2016-2017

SCHOOL SAFETY BEST PRACTICES

Date	Time	Topic	Description	Session ID
10/19/2016	8:30am – 11:30am	Mental Health	This session is designed to increase the knowledge of mental health symptoms, knowledge of current trends, social stigma risks and protective factors.	#43994
10/19/2016	1:30pm – 4:30pm	Suicide Prevention	This session is designed to help schools recognize when a student is exhibiting signs of psychological distress. Staff will be exposed to a "Train the Trainer" simulation that will equip them to identify, react and refer.	#43996
11/30/2016	8:30am - 11:30am	Bullying Prevention	This session will introduce school to current research and trends about bullying behaviors and the impact of bullying on students. Staff will be exposed to resources for prevention and intervention.	#43997
11/30/2016	1:30pm - 4:30pm	Violence & Dating Violence Prevention	This session will increase awareness and provide educational tools about violence prevention and intervention. Staff will better understand the importance of supporting policies that will help protect adolescents from dating violence.	#44000
2/9/2017	1:30pm - 4:30pm	Social Media & Internet Safety	This session will cover the online safety issues, laws and regulations. Staff will be exposed to tips, tools and rules to confidently navigate the online world with youth.	#44001
4/27/2017	8:30am - 11:30am	Substance Abuse and Current Drug Trends	This session is designed to increase the awareness on current drug trends, treatments and best practices for schools and youth.	#44002
4/27/2017	1:30pm - 4:30pm	Gang Awareness & Prevention	This session is designed to increase the awareness of current gang activities and gang-related crimes. Participants will be provided information on how to identify youth who may be at risk and enable them to recognize and prevent gang involvement.	#44003
